

**3. Cost of Add-ons:** (highlighted in purple on price sheet) must be given within 90 days before event in order to rent these items. This is non-refundable along with the deposit if you decide to cancel your event, modify your décor plans with us, or if your venue will no longer allow us to setup these items.

**4. Modifications:** Once contract is signed, all items or services listed in the "Pricing" section above (Page 1) are reserved for your event date & may NOT be removed unless the owner of LightMike.net Event Lighting, Michael Olechowski, approves of such change. **We reserve the right to decline changes and/or charge for such items if we can not work out a rental of equal value.** This is because we could have reserved said items to another client on the same day.

**5. Travel Fees:** After completion of lighting demo, signed contract, & paid deposit we will include one additional free 1- hour meeting at the venue to go over details. Additional meetings will be charged based on distance & duration.

**6. All lighting provided is rented** from LightMike.net and is in no way sold to the client(s) unless otherwise noted

**7. Emergency Replacements:** In the rare event that we become unable to provide our services due to complications beyond our control (stolen equipment, car accident, extreme weather: flooding/snow/etc, or health emergency), a reputable replacement shall be provided at no more than the original price agreed upon. If this is not feasible, all amounts paid to us will receive a 100% refund.

**8. Bounced Checks:** The client is responsible for any fees, to us from our bank, if the client's check bounces.

**9. Health Issues:** "LightMike.net" or any employee will not be held responsible for any health issue that may arise due to the use of fog machines, flashing lights, etc. It is the responsibility of the client to inform their guests what type of special effects can be expected at their event. Please inform us if we need to eliminate certain effects.

**10. Liability:** We carry a \$1,000,000 liability policy to each event and are insured against any loss of equipment. However, the deductible of \$250.00 and losses, not covered by our insurance, will be your responsibility if we need to make a claim. This also covers any lighting suspended "over-head".

**11. Advertising:** You agree to allow us to take pictures and/or video during the event for promotional purposes

**12. We will not be held responsible for any of the following:**

- Weather related power failures or tripping of circuits due to wet conditions.
- Overloads that arise due to clients, other vendors, venue staff, or guests altering / reconfiguring any power cables/equipment that was installed by us.
- Damage to any of our equipment caused by the client(s) or any guest of the client(s).
- Any other misuse and/or theft of LightMike.net's equipment, personal property of our employees, or misuse of the client's property that was caused by the client(s) and/or guest of the client(s).
- Fire department fees if a fog, haze, dry ice, or cold spark machine sets off a fire alarm when client &/or venue gave us approval to use one.
- Damage to underground sprinklers, cables, security, utilities, etc due to us using stakes/anchors to hold down equipment. It is up to the client hiring us & owner of the property to **call 811 before any setup of our lighting is started outdoors.** See [www.call811.com](http://www.call811.com) for info

**13. Deadlines & Artwork Fees:** All information for any lighted monogram, steel or digital, must be finalized & submitted to us no later than 30 days before your event. Information sent late will incur a \$30.00 rush fee. If all info is not submitted within 14 days before the event, we reserve the right not to provide this service & the client loses the total "lighted monogram" amount.

**14. Up Lighting:** It is the client's responsibility to inform their venue planner & vendors that any chairs, tripods, food tray holders, etc **must be a minimum of 3ft away** from any wall where our up lighting will be placed. This is to ensure lights do not get bumped into or tripped over for overall design & safety.

**15. Client's Décor:** If the client wishes to attach any of their décor, (paper lanterns, fabric, etc) to any of our lighting, the work must be setup & removed by us. You will be charged an hourly rate stated in this contract. This is to prevent damage to our equipment & make tear-down faster. (Some exclusions may apply)

**16. Tips & Sales Tax:** We strive to make sure every client is happy with our overall lighting design & experience with our team. Tips are not required nor expected but are welcome for excellent service. In addition, we do not charge any sales tax. The only service fees charged are for payment via credit card or PayPal (see #1 above).

**By signing below you state that you have read & understand the two pages of the pricing, terms and conditions described above, and will abide by them accordingly. We will send you copy via email.**
